

May 2021

## **New dates for ICE Europe, CCE International and InPrint Munich. Collective of converting, paper and print exhibitions will now take place from 15 – 17 March 2022 in Munich, Germany**

Following the recent communication on the shows' postponement, Mack-Brooks Exhibitions has today announced the new dates for ICE Europe, CCE International and InPrint Munich. The collective of converting, paper and print exhibitions was scheduled for 22 – 24 June 2021 and will now take place from 15 to 17 March 2022 at the Munich Trade Fair Centre in Germany.

“Following our decision to postpone ICE Europe, CCE International and InPrint Munich, we are pleased to be able to offer our usual event slot in March. This hopefully ensures that the live events can continue their critical role in bringing the global converting, paper and print industry together again. In the meantime, we will offer opportunities to exchange knowledge, network and conduct business in a safe online format with further details on digital offerings to be released in due course”, explained Patrick Herman, Event Director of the Converting, Paper and Print Events at Mack-Brooks Exhibitions.

The ICE Europe, CCE International and InPrint Munich Events Team will communicate closely with customers and partners over the coming weeks and months. We thank all our exhibitors, partners, suppliers and visitors for their support during this challenging time.

### **About ICE Europe**

ICE Europe, the International Exhibition for Paper, Film & Foil Converting, is the world's leading exhibition for the conversion of flexible, web-based materials, such as paper, film, foil and nonwovens. The show attracts industry experts from a wide range of sectors, including packaging, printing, plastics, textiles and nonwovens, paper, engineering, chemical, medical and pharma, automotive, aviation, food, and electronics.

### **About CCE International**

CCE International is Europe's key event for the corrugated and folding carton industry, covering the entire supply chain in the production and processing of corrugated and carton material. The show addresses technology buyers and users from the corrugated and cartonboard industry and their target markets, such as carton and boxes manufacturers, tubes and cores suppliers, packaging designers, plant managers, technical engineers, and company leaders.

**About InPrint Munich**

InPrint Munich is Europe's flagship event of the highly successful InPrint brand for the emerging community of printing professionals and manufacturers who want to maximise on new business potential for print applications in the industrial production sector. The exhibition is targeted at high-level trade professionals from the printing industry and from various industry sectors, such as aeronautics and aerospace, packaging and containers printing, architecture and design, automotive, consumer goods manufacturers, medical equipment and many more.
